# AJY CAMPOREE 2018

BY CHARITY JOHNSON

Pathfinders, TLTs, Adeveturers, & MORE! This weekend has been splendid for the South Central Conference's AJY club. Its members include clubs from all over the South, ranging from Tennessee, Alabama, Mississippi, Florida, and Kentucky. Registration began on Thursday for the Pathfinders and tomorrow will conclude their 2018 Campooree. On Sabbath morning, the Pathfinders had service and heard a message from the speaker this weekend, Pastor Jason McCracken. The highest rank that

one can reach in Pathfinders is the Masterguide. Prior to divine worship, two women were invested. The South Central Conference's coordinator and Masterguide, Mr. Ray Hospedales, explained how he along with five other Masterguides are traveling to different churches to assist them with starting their own Pathfinder club. As a Masterguide, he expects each and every club to be dressed well in the same uniform and be on one accord. Next year, it will be even better!

# CATFISH

BY ANGELA HYDE

It's the Friday Night service and the campers are excited as they fill the sanctuary for the evening meeting. The hallways ring with stories of the journey and end with Praise God we made! The First Church Choir of Huntsville,AL was fired up and ready as usual to give a word for the Lord in song and boy did they bring it!

Gianna Snell, soloist with the choir not only sang but she preached her testimony at the end of her song. The saints were on their feet in praise! What an opening for a message entitled,

Hold on Change is Coming. Keynote speaker, Pastor Debleaire Snell brought the campers to the scene in Jacobs life where he and his family were about to face Esau. Here are a few points that set their minds on fire: 1. God can save and use anybody. 2. God is a covenant keeping God. 3. In order to be changed you have to have a driving agent. He shared the story about the shipping of Alaskan Cod Fish. Researchers were trying to figure out why this fish lost its flavor and texture. They came to the conclusion that it was too idled in the tank during its shipment. So to remedy that and make the fish the

best it could be, they put a driving agent in the tank-Catfish. The Cod didn't like the catfish so they kept moving all during the travel and this made them a better fish at the end of the journey. Esau was that driving agent for Jacob. Not knowing what Esau was thinking kept Jacob close to God. As Pastor Snell came to a close he told the audience to stop holding on to what hurts you and hold on to God. You must get the CD or DVD for the full story! What an opening to SCC 2018 Camp Meeting! Get ready for change!
